

Gob Stopper

25
GP

Uncommon · Grenade (thrown)

A cast-iron ball the size of a fist, packed with goblin blasting powder and capped with a stubby fuse. The goblins of the Vault light these, lob them around corners, and cackle. As an Action you light the fuse and throw the Gob Stopper up to 30 feet. It explodes on impact. When it explodes, each creature in range makes a DC 13 Dexterity saving throw:

- A creature within 10 feet takes 2d6 Fire damage on a failed save.
- A creature more than 10 feet but within 15 feet takes 1d6 Fire damage on a failed save.
- A creature takes half as much damage on a successful save.

A Gob Stopper that lands in Goblin Juice or open flame detonates instantly. Sold by Treasure Goblin vendors for 25 GP each.

Goblin Juice

25
GP

Common · Consumable

A grimy flask of reeking gasoline the goblins distill somewhere down in the dark. As an Action you can throw it up to 20 feet, making a ranged attack against a target. On a hit, the target takes 2d6 Fire damage and catches fire, taking 1d6 Fire damage at the start of each of its turns until it or a creature within 5 feet uses an Action to douse the flames. On a miss, the flask shatters across a 5-foot square. If any flame touches that square within 1 minute, it ignites into burning, difficult terrain that deals 1d6 Fire damage to a creature that enters it or starts its turn there.

Flask of Acid

25
GP

Common · Consumable

As an Action you can throw this flask at a target within 20 feet, making a ranged attack. On a hit, the target takes 2d6 Acid damage. You can instead pour it out to eat through rope, wood, or a light chain over 1 minute.

Vial of Poison

40
GP

Uncommon · Poison

As an Action, you can coat one weapon or up to three pieces of ammunition with this oily black venom. A vial holds one application. Once applied, the coating lasts for 1 minute. For that minute, each creature that takes damage from the coated weapon takes an extra 2d4 Poison damage on that hit. A creature that takes this extra Poison damage then takes 1d4 Poison damage at the start of each of its turns. At the end of each of its turns, the creature can make a DC 12 Constitution saving throw, ending the ongoing Poison damage on a success. Once a creature succeeds on this saving throw, it can't be affected by this poison again.

Spell Scroll of Fireball

100 GP

Uncommon · Scroll

This Spell Scroll bears the words of the Fireball spell, written in a mystical cipher. If Fireball is on your spell list, you can read the scroll and cast it without Material components. Otherwise, the scroll is unintelligible. Casting Fireball by reading the scroll requires it's normal casting time. Once cast, the scroll crumbles to dust. If the casting is interrupted, the scroll isn't lost. If Fireball is on your spell list but of a higher level than you can normally cast, you make a DC 13 ability check using your spellcasting ability to determine whether you cast the spell. On a failed check, the spell disappears from the scroll with no other effect.

Copying this Scroll into a Spellbook. A Wizard can copy this Spell Scroll into a spellbook. When copied in this way, the copier must succeed on a DC 13 Intelligence (Arcana) check. On a successful check, the spell is copied. Whether the check succeeds or fails, the Spell Scroll is destroyed.

Scroll of Protection

50 GP

Rare · Scroll

Each Scroll of Protection works against creatures of a specific creature type chosen by the DM or determined by rolling on the following table.

1d100 Creature Type
01-10 Aberrations
11-15 Beasts
16-20 Celestials
21-25 Constructs
26-35 Dragons
36-45 Elementals
46-50 Humanoids
51-60 Fey
61-70 Fiends
71-75 Giants
76-80 Monstrosities
81-85 Oozes
86-90 Plants
91-00 Undead

Using a Magic action to read the scroll creates a 5-foot Emanation originating from you. For 5 minutes, creatures of the specified type can't enter or affect anything in the area.

However, if you move in such a way that a creature of the specified type would be inside the area, the effect ends.

As a Magic action, a creature within 5 feet of the Emanation can attempt to overcome it, which forces the creature to make a DC 15 Charisma saving throw. On a successful save, the creature ceases to be affected by the Emanation.

Bag of Holding

200 GP

Uncommon · Wondrous Item

This bag has an interior space considerably larger than its outside dimensions—roughly 2 feet square and 4 feet deep on the inside. The bag can hold up to 500 pounds, not exceeding a volume of 64 cubic feet. The bag weighs 5 pounds, regardless of its contents. Retrieving an item from the bag requires a Utilize action.

If the bag is overloaded, pierced, or torn, it is destroyed, and its contents are scattered in the Astral Plane. If the bag is turned inside out, its contents spill forth unharmed, but the bag must be put right before it can be used again. The bag holds enough air for 10 minutes of breathing, divided by the number of breathing creatures inside. Placing a Bag of Holding inside an extradimensional space created by a Heward's Handy Haversack, Portable Hole, or similar item instantly destroys both items and opens a gate to the Astral Plane. The gate originates where the one item was placed inside the other. Any creature within a 10-foot-radius Sphere centered on the gate is sucked through it to a random location on the Astral Plane. The gate then closes. The gate is one-way and can't be reopened.

Uncommon · Wondrous Item

This 60-foot length of rope can hold up to 3,000 pounds. While holding one end of the rope, you can take a Magic action to command the other end of the rope to animate and move toward a destination you choose, up to the rope's length away from you. That end moves 10 feet on your turn when you first command it and 10 feet at the start of each of your subsequent turns until reaching its destination or until you tell it to stop. You can also tell the rope to fasten itself securely to an object or to unfasten itself, to knot or unknot itself, or to coil itself for carrying.

If you tell the rope to knot, large knots appear at 1-foot intervals along the rope. While knotted, the rope shortens to a 50-foot length and grants Advantage on ability checks made to climb using the rope.

The rope has AC 20, HP 20, and Immunity to Poison and Psychic damage. It regains 1 Hit Point every 5 minutes as long as it has at least 1 Hit Point. If the rope drops to 0 Hit Points, it is destroyed.
