25
GP

Common · Wondrous Item

This small metal disk is inscribed with the image of a feather. When you fall at least 20 feet while the token is on your person, you descend 60 feet per round and take no damage from falling. The token's magic is expended after you land, whereupon the disk becomes nonmagical.

GP

Common · Consumable

Gob Stopper

25
GP

Uncommon · Grenade (thrown)

A cast-iron ball the size of a fist, packed with goblin blasting powder and capped with a stubby fuse. The goblins of the Vault light these, lob them around corners, and cackle. As an Action you light the fuse and throw the Gob Stopper up to 30 feet. It explodes on impact. When it explodes, each creature in range makes a DC 13 Dexterity saving throw:

- A creature within 10 feet takes 2d6 Fire damage on a failed save.
- A creature more than 10 feet but within 15 feet takes 1d6 Fire damage on a failed save.
- A creature takes half as much damage on a successful save.

A Gob Stopper that lands in Goblin Juice or open flame detonates instantly. Sold by Treasure Goblin vendors for 25 GP each.

Goblin Juice

25
GP

Common · Consumable

A grimy flask of reeking gasoline the goblins distill somewhere down in the dark. As an Action you can throw it up to 20 feet, making a ranged attack against a target. On a hit, the target takes 2d6 Fire damage and catches fire, taking 1d6 Fire damage at the start of each of its turns until it or a creature within 5 feet uses an Action to douse the flames. On a miss, the flask shatters across a 5-foot square. If any flame touches that square within 1 minute, it ignites into burning, difficult terrain that deals 1d6 Fire damage to a creature that enters it or starts its turn there.

Uncommon · Spellbook (Bundle of 5 Spell Scrolls)

Restoration. There are no long rests down here, so every page counts. This tome is a bundle of five spell scrolls, one spell per page. A creature can take an action to cast one of the inscribed spells, using it like a spell scroll. If the spell is on your class's spell list you cast it with no check. Otherwise make a spellcasting ability check (DC 10 + the spell's level); on a failure the page is spent with no effect. Casting a spell uses up that page. When all five pages are spent, the tome becomes mundane.

- Spare the Dying (Cantrip): Touch, stabilize a dying creature
- Healing Word (1st): Bonus action, 60 ft, 2d4 + mod healing
- Cure Wounds (1st): Touch, 2d8 + mod healing
- Lesser Restoration (2nd): End a disease or one condition (blinded, paralyzed, poisoned, and the like)
- Revivify (3rd): Touch, return a creature dead less than 1 minute to life with 1 HP
