ON YOUR TURN

Each turn you can **Move**, take one **Action**, maybe one **Bonus Action**, and between turns one **Reaction**.

ACTIONS

- Cast a spell (see the Spell Reference pages)
- Attack with a weapon or damaging cantrip (see Skills page)
- Dash, Disengage, Dodge, Hide, Help, Search, Ready, Shove, Grapple, Influence, Study, Utilize

BONUS ACTIONS

- Innate Sorcery (turn on)
- Lesser Restoration
- Font of Magic (convert points/slots)

REACTIONS

- Opportunity Attack when a creature leaves your reach
- Cast a spell with a Reaction casting time

HOUSE RULES

- Catch your breath.** Out of combat, spend one Hit Die + your Constitution modifier to heal. Up to 3 times all run; mark each on the Hit Dice track above.
- Spellcasting.** Cast any spell of a type you can cast from a found Spell Book, if you have the slots. You can reach one level above your normal maximum by spending two slots of the level just below it: two level-1 slots cast a level-2 spell, two level-2 slots cast a level-3 spell like Fireball. That over-level cast needs a spellcasting check (DC 10 + the spell's level). The slots are spent whether you pass or fail, and a failure fizzles the spell.

A skill check is d20 + the number shown. A filled dot means you are proficient (already added in).

ATTACKS & DAMAGING CANTRIPS

Roll d20 + the Hit number to hit with an attack. For a spell that forces a save, the target rolls against your DC instead.

ATTACK	HIT / DC	DAMAGE	NOTES
Fire Bolt	+5	1d10 fire	120 ft
Sorcerous Burst	+5	1d8 acid	120 ft
Thunderclap	DC 13	1d6 thunder	CON save, Self (5-ft emanation)
True Strike	+5	d6 radiant	Self
Unarmed Strike	+1	0 bludgeoning	Melee

Writing in a weapon? To hit, add your proficiency and ability modifier: melee is +1 (STR), finesse or ranged is +4 (DEX). Add that same modifier to the weapon's damage.

WHO YOU ARE

YOUR ANCESTRY: ELF

Your ancestry gives you a few natural traits.

- **Darkvision.** You have Darkvision with a range of 60 feet.
- **Elven Lineage.** You are part of a lineage that grants you supernatural abilities. Choose a lineage from the Elven Lineages table. You gain the level 1 benefit of that lineage.
- **Fey Ancestry.** You have Advantage on saving throws you make to avoid or end the Charmed condition.
- **Keen Senses.** You have proficiency in the Insight, Perception, or Survival skill.
- **Trance.** You don't need to sleep, and magic can't put you to sleep. You can finish a Long Rest in 4 hours if you spend those hours in a trancelike meditation, during which you retain consciousness.

YOUR BACKGROUND: NOBLE

You were raised in a castle, surrounded by wealth, power, and privilege. Your family of minor aristocrats ensured that you received a first-class education, some of which you appreciated and some of which you resented.

- **Trained Skills.** History and Persuasion (already on your Skills page).
- **Tools.** Choose one kind of Gaming Set.
- **Origin Feat.** Skilled (explained under Your Feats).

YOUR FEATS

Feats are special perks from your background and choices, on top of your class.

- **Skilled.** Origin Feat. You gain proficiency in any combination of three skills or tools of your choice. Repeatable. You can take this feat more than once.
- **Dark Bargain.** A pact perk from your backstory. Confirm its exact effect with your DM before play.
- **Character Threads.** Threads are aspects added to characters at any time during their career that have a specific short or long-term goal.
- **Runestones.** At the beginning of the Northlands Sagas adventure path, each player should draw one Runestone randomly.

YOUR CLASS: SORCERER (SPELLFIRE SORCERY)

Your magic is not studied from a book or granted by a god. It is in your blood, raw and instinctive. You know a small number of spells but you can shape them in ways other casters cannot, and you cast using your Charisma, your force of personality.

Wield Raw Magic. Your innate power stems from the source of magic itself: the Weave.

WHO YOU ARE

Track your limited uses here. Each box is one use, and every per-rest use is doubled because this dungeon has no rest.

Sorcery Points

Spend to create spell slots or convert a slot back into points (Font of Magic), or to fuel Metamagic.

Innate Sorcery

Bonus Action to raise your spell save DC by 1 and add damage to your spells for 1 minute.

- Innate Sorcery.** Bonus Action (Innate Sorcery use). As a Bonus Action, unleash your innate magic for 1 minute: your spell save DC goes up by 1 and you have Advantage on the attack rolls of your Sorcerer spells. Track uses on your usage boxes above.
- Font of Magic.** Bonus Action (Sorcery Points). Spend Sorcery Points to create spell slots (2 points makes a level-1 slot, 3 makes level-2, 5 makes level-3), or turn an unused spell slot into Sorcery Points equal to its level.
- Metamagic.** Sorcery Points. You can spend Sorcery Points to reshape your spells with your Metamagic options, listed below.
- Spellfire Burst.** Free (once per turn). Once per turn, when you spend at least 1 Sorcery Point as part of a Magic action or Bonus Action, you can unleash a Spellfire effect of your choice, such as Bolstering Flames. See your subclass write-up for the full list of options.
- Spellfire Spells.** Passive. You always have certain spells prepared, including healing and fire spells.
- Seeking Spell.** Metamagic (Sorcery Points). If you make an attack roll for a spell and miss, reroll the d20 and use the new roll. Costs 1 Sorcery Point.
- Quickened Spell.** Metamagic (Sorcery Points). Change a spell's casting time from an Action to a Bonus Action for this casting. Costs 2 Sorcery Points.

SPELL REFERENCE

TRUE STRIKE *Divination Cantrip*

Casting Time: Action **Range:** Self

Components: S, M (a weapon with which you have proficiency and that is worth 1+ CP)

Duration: Instantaneous

Spell attack

Guided by a flash of magical insight, you make one attack with the weapon used in the spell’s casting. The attack uses your spellcasting ability for the attack and damage rolls instead of using Strength or Dexterity. If the attack deals damage, it can be Radiant damage or the weapon’s normal damage type (your choice).

Cantrip Upgrade. Whether you deal Radiant damage or the weapon’s normal damage type, the attack deals extra Radiant damage when you reach levels 5 (1d6), 11 (2d6), and 17 (3d6).

DRUIDCRAFT *Transmutation Cantrip*

VIA RACE

Casting Time: Action **Range:** 30 ft **Components:** V, S **Duration:** Instantaneous

Whispering to the spirits of nature, you create one of the following effects within range.

Weather Sensor. You create a Tiny, harmless sensory effect that predicts what the weather will be at your location for the next 24 hours. The effect might manifest as a golden orb for clear skies, a cloud for rain, falling snowflakes for snow, and so on. This effect persists for 1 round.

Bloom. You instantly make a flower blossom, a seed pod open, or a leaf bud bloom.

Sensory Effect. You create a harmless sensory effect, such as falling leaves, spectral dancing fairies, a gentle breeze, the sound of an animal, or the faint odor of skunk. The effect must fit in a 5-foot Cube.

Fire Play. You light or snuff out a candle, a torch, or a campfire.

SPELL REFERENCE

LEVEL 1 SPELLS — EACH CASTING SPENDS A SLOT

CHAOS BOLT *Level 1 Evocation*

Casting Time: Action **Range:** 120 ft **Components:** V, S **Duration:** Instantaneous

Spell attack

You hurl an undulating, warbling mass of chaotic energy at one creature in range. Make a ranged spell attack against the target. On a hit, the target takes 2d8 + 1d6 damage. Choose one of the d8s. The number rolled on that die determines the attack’s damage type, as shown below.

D8	DAMAGE TYPE
1	Acid
2	Cold
3	Fire
4	Force
5	Lightning
6	Poison
7	Psychic
8	Thunder

If you roll the same number on both d8s, the chaotic energy leaps from the target to a different creature of your choice within 30 feet of it. Make a new attack roll against the new target, and make a new damage roll, which could cause the chaotic energy to leap again.

A creature can be targeted only once by each casting of this spell.

At Higher Levels. When you cast this spell using a spell slot of 2nd level or higher, each target takes 1d6 extra damage of the type rolled for each slot level above 1st.

CHROMATIC ORB *Level 1 Evocation*

Casting Time: Action **Range:** 90 ft **Components:** V, S, M (a diamond worth 50+ GP)

Duration: Instantaneous

You hurl an orb of energy at a target within range. Choose Acid, Cold, Fire, Lightning, Poison, or Thunder for the type of orb you create, and then make a ranged spell attack against the target. On a hit, the target takes 3d8 damage of the chosen type.

If you roll the same number on two or more of the d8s, the orb leaps to a different target of your choice within 30 feet of the target. Make an attack roll against the new target, and make a new damage roll. The orb can’t leap again unless you cast the spell with a level 2+ spell slot.

Using a Higher-Level Spell Slot. The damage increases by 1d8 for each spell slot level above 1. The orb can leap a maximum number of times equal to the level of the slot expended, and a creature can be targeted only once by each casting of this spell.
