ON YOUR TURN

Each turn you can **Move**, take one **Action**, maybe one **Bonus Action**, and between turns one **Reaction**.

ACTIONS

- Cast a spell (see the Spell Reference pages)
- Attack with a weapon or damaging cantrip (see Skills page)
- Dash, Disengage, Dodge, Hide, Help, Search, Ready, Shove, Grapple, Influence, Study, Utilize

BONUS ACTIONS

- Finger Guns

REACTIONS

- Opportunity Attack when a creature leaves your reach
- Cast a spell with a Reaction casting time

HOUSE RULES

- **Catch your breath.** Out of combat, spend one Hit Die + your Constitution modifier to heal. Up to 3 times all run; mark each on the Hit Dice track above.
- **Spellcasting.** Cast any spell of a type you can cast from a found Spell Book, if you have the slots. You can reach one level above your normal maximum by spending two slots of the level just below it: two level-1 slots cast a level-2 spell, two level-2 slots cast a level-3 spell like Fireball. That over-level cast needs a spellcasting check (DC 10 + the spell's level). The slots are spent whether you pass or fail, and a failure fizzles the spell.

A skill check is d20 + the number shown. A filled dot means you are proficient (already added in).

ATTACKS & DAMAGING CANTRIPS

Roll d20 + the Hit number to hit with an attack. For a spell that forces a save, the target rolls against your DC instead.

ATTACK	HIT / DC	DAMAGE	NOTES
Finger Guns	+5	2d6 force	Self
Vicious Mockery	DC 13	1d6 psychic	WIS save, 60 ft
Unarmed Strike	+1	0 bludgeoning	Melee

Writing in a weapon? To hit, add your proficiency and ability modifier: melee is +1 (STR), finesse or ranged is +5 (DEX). Add that same modifier to the weapon's damage.

WHO YOU ARE

YOUR ANCESTRY: HALFLING

Your ancestry gives you a few natural traits.

- **Brave.** You have Advantage on saving throws you make to avoid or end the Frightened condition.
- **Halfling Nimbleness.** You can move through the space of any creature that is a size larger than you, but you can't stop in the same space.
- **Luck.** When you roll a 1 on the d20 of a D20 Test, you can reroll the die, and you must use the new roll.
- **Naturally Stealthy.** You can take the Hide action even when you are obscured only by a creature that is at least one size larger than you.

YOUR BACKGROUND: ENTERTAINER

You spent much of your youth following roving fairs and carnivals, performing odd jobs for musicians and acrobats in exchange for lessons. You may have learned how to walk a tightrope, how to play a lute in a distinct style, or how to recite poetry with...

- **Trained Skills.** Acrobatics and Performance (already on your Skills page).
- **Tools.** Choose one kind of Musical Instrument.
- **Origin Feat.** Musician (explained under Your Feats).

YOUR FEATS

Feats are special perks from your background and choices, on top of your class.

- **Musician.** Origin Feat. You gain the following benefits. Instrument Training. You gain proficiency with three Musical Instruments of your choice. Encouraging Song. As you finish a Short or Long Rest, you can play a song on a Musical Instrument with which you have proficiency and give Heroic Inspiration to...
- **Dark Bargain.** A pact perk from your backstory. Confirm its exact effect with your DM before play.

YOUR CLASS: BARD (COLLEGE OF LORE)

An Inspiring Performer of Music, Dance, and Magic. Bards are expert at inspiring others, soothing hurts, disheartening foes, and creating illusions. Primary Ability: Charisma. Hit Point Die: D8. Saves: Dexterity & Charisma

Plumb the Depths of Magical Knowledge. Bards of the College of Lore collect spells and secrets from diverse sources, such as scholarly tomes, mystical rites, and peasant tales.

Track your limited uses here. Each box is one use, and every per-rest use is doubled because this dungeon has no rest.

Bardic Inspiration

Bonus Action to give an ally a Bardic Inspiration die they add to a check, attack, or save.

- **Bardic Inspiration.** Bonus Action (Bardic Inspiration use). As a Bonus Action, give a creature within 60 ft a Bardic Inspiration die (a d6). Within 10 minutes, it can add that die to one attack roll, ability check, or saving throw. Track uses on your usage boxes above.
- **Expertise.** Passive. You have Expertise (double your proficiency bonus) in two skills. They are marked on your Skills page.
- **Jack of All Trades.** Passive. Add half your proficiency bonus (rounded down) to any ability check that doesn't already use your proficiency bonus.

WHO YOU ARE

- **Cutting Words.** Reaction (Bardic Inspiration use). When a creature within 60 ft makes a damage roll, or succeeds on an attack roll or ability check, use your Reaction and spend a Bardic Inspiration die to subtract that die from the roll, possibly turning a hit into a miss.
- **Bonus Proficiencies.** Passive. You gain proficiency with three extra skills.

CANTRIPS — CAST ANY TIME, NO SLOT NEEDED

FINGER GUNS *Evocation Cantrip*

Casting Time: Bonus Action Range: Self Components: V, S Duration: 1 minute

Spell attack

You extend your forefinger and thumb, a dangerous gesture mimicking a gun. For the duration, your hand counts as a Simple Ranged weapon with a range of 60/240 feet and the Slow mastery property. You can use your spellcasting ability instead of Dexterity for the attack rolls of this weapon. On a hit, the weapon deals 2d6 Force damage and doesn’t add your ability modifier to damage.

Cantrip Upgrade. The weapon’s normal range increases by 30 feet and its long range increases by 120 feet when you reach levels 5 (90/360 feet), 11 (120/480 feet), and 17 (150/600 feet).

VICIOUS MOCKERY *Enchantment Cantrip*

Casting Time: Action Range: 60 ft Components: V Duration: Instantaneous

Saving throw

You unleash a string of insults laced with subtle enchantments at one creature you can see or hear within range. The target must succeed on a Wisdom saving throw or take 1d6 Psychic damage and have Disadvantage on the next attack roll it makes before the end of its next turn.

Cantrip Upgrade. The damage increases by 1d6 when you reach levels 5 (2d6), 11 (3d6), and 17 (4d6).

LEVEL 1 SPELLS — EACH CASTING SPENDS A SLOT

FAERIE FIRE *Level 1 Evocation*

Casting Time: Action Range: 60 ft Components: V Duration: Concentration, up to 1 minute

Concentration Saving throw

Objects in a 20-foot Cube within range are outlined in blue, green, or violet light (your choice). Each creature in the Cube is also outlined if it fails a Dexterity saving throw. For the duration, objects and affected creatures shed Dim Light in a 10-foot radius and can’t benefit from the Invisible condition.

Attack rolls against an affected creature or object have Advantage if the attacker can see it.

SPELL REFERENCE

ACCELERATE/DECELERATE *Level 1 Transmutation*

Casting Time: Reaction **Range:** 60 ft **Components:** V, S, M (a drop of oil or molasses)

Duration: Instantaneous

This spell accelerates or decelerates an attack (see the chosen effect below) the instant before it strikes, lessening or multiplying its force.

Accelerate. The target takes an extra 2d6 damage from the attack. This extra damage is the same type dealt by the triggering attack.

Decelerate. Reduce the damage the target takes by 2d6 (to a minimum of 0 damage).

Using a Higher-Level Spell Slot. The extra damage or reduction in damage increases by 1d6 for each slot level above 1.

HEROISM *Level 1 Enchantment*

Casting Time: Action **Range:** Touch **Components:** V, S **Duration:** Concentration, up to 1 minute

Concentration

A willing creature you touch is imbued with bravery. Until the spell ends, the creature is immune to the Frightened condition and gains Temporary Hit Points equal to your spellcasting ability modifier at the start of each of its turns.

Using a Higher-Level Spell Slot. You can target one additional creature for each spell slot level above 1.

THUNDERWAVE *Level 1 Evocation*

Casting Time: Action **Range:** Self (15-ft cube) **Components:** V, S **Duration:** Instantaneous

Saving throw

You unleash a wave of thunderous energy. Each creature in a 15-foot Cube originating from you makes a Constitution saving throw. On a failed save, a creature takes 2d8 Thunder damage and is pushed 10 feet away from you. On a successful save, a creature takes half as much damage only.

In addition, unsecured objects that are entirely within the Cube are pushed 10 feet away from you, and a thunderous boom is audible within 300 feet.

Using a Higher-Level Spell Slot. The damage increases by 1d8 for each spell slot level above 1.

LEVEL 2 SPELLS — EACH CASTING SPENDS A SLOT

SUGGESTION *Level 2 Enchantment*

Casting Time: Action **Range:** 30 ft **Components:** V, M (a drop of honey)

Duration: Concentration, up to 8 hour

Concentration

Saving throw

You suggest a course of activity—described in no more than 25 words—to one creature you can see within range that can hear and understand you. The suggestion must sound achievable and not involve anything that would obviously deal damage to the target or its allies. For example, you could say, “Fetch the key to the cult’s treasure vault, and give the key to me.” Or you could say, “Stop fighting, leave this library peacefully, and don’t return.”

The target must succeed on a Wisdom saving throw or have the Charmed condition for the duration or until you or your allies deal damage to the target. The Charmed target pursues the suggestion to the best of its ability. The suggested activity can continue for the entire duration, but if the suggested activity can be completed in a shorter time, the spell ends for the target upon completing it.

SPELL REFERENCE

CLOUD OF DAGGERS *Level 2 Conjuraton*

Casting Time: Action **Range:** 60 ft **Components:** V, S, M (a sliver of glass)

Duration: Concentration, up to 1 minute

Concentration

You conjure spinning daggers in a 5-foot Cube centered on a point within range. Each creature in that area takes 4d4 Slashing damage. A creature also takes this damage if it enters the Cube or ends its turn there or if the Cube moves into its space. A creature takes this damage only once per turn.

On your later turns, you can take a Magic action to teleport the Cube up to 30 feet.

Using a Higher-Level Spell Slot. The damage increases by 2d4 for each spell slot level above 2.
