ON YOUR TURN

Each turn you can **Move**, take one **Action**, maybe one **Bonus Action**, and between turns one **Reaction**.

ACTIONS

- Cast a spell (see the Spell Reference pages)
- Attack with a weapon or damaging cantrip (see Skills page)
- Dash, Disengage, Dodge, Hide, Help, Search, Ready, Shove, Grapple, Influence, Study, Utilize

BONUS ACTIONS

- Zephyr Strike
- Hail of Thorns
- Hunter's Mark

REACTIONS

- Opportunity Attack when a creature leaves your reach
- Cast a spell with a Reaction casting time

HOUSE RULES

- **Catch your breath.** Out of combat, spend one Hit Die + your Constitution modifier to heal. Up to 3 times all run; mark each on the Hit Dice track above.
- **Spellcasting.** Cast any spell of a type you can cast from a found Spell Book, if you have the slots. You can reach one level above your normal maximum by spending two slots of the level just below it: two level-1 slots cast a level-2 spell, two level-2 slots cast a level-3 spell like Fireball. That over-level cast needs a spellcasting check (DC 10 + the spell's level). The slots are spent whether you pass or fail, and a failure fizzles the spell.

ATTACKS & DAMAGING CANTRIPS

Roll d20 + the Hit number to hit with an attack. For a spell that forces a save, the target rolls against your DC instead.

ATTACK	HIT / DC	DAMAGE	NOTES
Unarmed Strike	+1	0 bludgeoning	Melee

Writing in a weapon? To hit, add your proficiency and ability modifier: melee is +1 (STR), finesse or ranged is +5 (DEX). Add that same modifier to the weapon's damage.

WHO YOU ARE

YOUR ANCESTRY: TABAXI

Your ancestry gives you a few natural traits.

- **Cat's Claws.** You can use your claws to make unarmed strikes. When you hit with them, the strike deals 1d6 + your Strength modifier slashing damage, instead of the bludgeoning damage normal for an unarmed strike.
- **Cat's Talent.** You have proficiency in the Perception and Stealth skills.
- **Darkvision.** You can see in dim light within 60 feet of you as if it were bright light and in darkness as if it were dim light. You discern colors in that darkness only as shades of gray.
- **Feline Agility.** Your reflexes and agility allow you to move with a burst of speed. When you move on your turn in combat, you can double your speed until the end of the turn.

YOUR BACKGROUND: CRIMINAL

You eked out a living in dark alleyways, cutting purses or burgling shops. Perhaps you were part of a small gang of like-minded wrongdoers who looked out for each other.

- **Trained Skills.** Sleight of Hand and Stealth (already on your Skills page).
- **Tools.** Thieves' Tools.
- **Origin Feat.** Alert (explained under Your Feats).

YOUR FEATS

Feats are special perks from your background and choices, on top of your class.

- **Alert.** Origin Feat. You gain the following benefits. Initiative Proficiency. When you roll Initiative, you can add your Proficiency Bonus to the roll. Initiative Swap. Immediately after you roll Initiative, you can swap your Initiative with the Initiative of one willing ally in the same combat.
- **Archery.** Fighting Style Feat (Prerequisite: Fighting Style Feature). You gain a +2 bonus to attack rolls you make with Ranged weapons.
- **Weapon Mastery.** Your training with weapons allows you to use the mastery properties of two kinds of weapons of your choice with which you have proficiency. Whenever you finish a Long Rest, you can change the kinds of weapons you chose.
- **Dark Bargain.** A pact perk from your backstory. Confirm its exact effect with your DM before play.
- **Character Threads.** Threads are aspects added to characters at any time during their career that have a specific short or long-term goal.
- **Runestones.** At the beginning of the Northlands Sagas adventure path, each player should draw one Runestone randomly.

YOUR CLASS: RANGER (GLOOM STALKER)

A Wandering Warrior Imbued with Primal Magic. Rangers are honed with deadly focus and harness primal powers to protect the world from the ravages of monsters and tyrants. Primary Abilities: Dexterity & Wisdom. Hit Point Die: D10. Saves: Strength & Dexterity

WHO YOU ARE

Draw on Shadow Magic to Fight Your Foes. Gloom Stalkers are at home in the darkest places, wielding magic drawn from the Shadowfell to combat enemies that lurk in darkness.

Track your limited uses here. Each box is one use, and every per-rest use is doubled because this dungeon has no rest.

Feline Agility

When you move in combat, double your speed until the end of the turn.

Hunter's Mark

Cast Hunter's Mark without a spell slot to add 1d6 damage when you hit a marked target.

Dreadful Strike

Once per turn, add extra psychic damage when you hit a creature with a weapon.

- **Favored Enemy: Hunter's Mark.** Bonus Action (Hunter's Mark use). You always have Hunter's Mark prepared and can cast it without a spell slot a limited number of times (tracked on your usage boxes above). While it is up, you add 1d6 damage when you hit the marked target with a weapon.
- **Deft Explorer.** Passive. You gain Expertise in one skill (marked on your Skills page) and know two extra languages.
- **Weapon Mastery.** Passive. You can use the mastery property of two kinds of weapons you chose.
- **Dread Ambusher.** Free / part of Attack. At the start of your first turn of each combat, your Speed increases by 10 ft, and when you take the Attack action you can make one extra weapon attack that turn. That extra attack deals an extra 1d8 damage on a hit.
- **Umbral Sight.** Passive. You gain Darkvision 60 ft, and while you are in Darkness you are Invisible to any creature that relies on Darkvision to see you.

LEVEL 1 SPELLS — EACH CASTING SPENDS A SLOT

CURE WOUNDS *Level 1 Abjuration*

Casting Time: Action **Range:** Touch **Components:** V, S **Duration:** Instantaneous
A creature you touch regains a number of Hit Points equal to 2d8 plus your spellcasting ability modifier.
Using a Higher-Level Spell Slot. The healing increases by 2d8 for each spell slot level above 1.

ENTANGLE *Level 1 Conjunction*

Casting Time: Action **Range:** 90 ft **Components:** V, S **Duration:** Concentration, up to 1 minute

Concentration

Saving throw

Grasping plants sprout from the ground in a 20-foot square within range. For the duration, these plants turn the ground in the area into Difficult Terrain. They disappear when the spell ends.

Each creature (other than you) in the area when you cast the spell must succeed on a Strength saving throw or have the Restrained condition until the spell ends. A Restrained creature can take an action to make a Strength (Athletics) check against your spell save DC. On a success, it frees itself from the grasping plants and is no longer Restrained by them.

ZEPHYR STRIKE *Level 1 Transmutation*

Casting Time: Bonus Action **Range:** Self **Components:** V **Duration:** Concentration, up to 1 minute

Concentration

You move like the wind. Until the spell ends, your movement doesn’t provoke opportunity attacks.

Once before the spell ends, you can give yourself advantage on one weapon attack roll on your turn. That attack deals an extra 1d8 force damage on a hit. Whether you hit or miss, your walking speed increases by 30 feet until the end of that turn.

HAIL OF THORNS *Level 1 Conjunction*

Casting Time: Bonus Action **Range:** Self **Components:** V **Duration:** Instantaneous

Saving throw

As you hit the creature, this spell creates a rain of thorns that sprouts from your Ranged weapon or ammunition. The target of the attack and each creature within 5 feet of it make a Dexterity saving throw, taking 1d10 Piercing damage on a failed save or half as much damage on a successful one.

Using a Higher-Level Spell Slot. The damage increases by 1d10 for each spell slot level above 1.

SPELL REFERENCE

HUNTER’S MARK *Level 1 Divination*

Casting Time: Bonus Action **Range:** 90 ft **Components:** V **Duration:** Concentration, up to 1 hour

Concentration

You magically mark one creature you can see within range as your quarry. Until the spell ends, you deal an extra 1d6 Force damage to the target whenever you hit it with an attack roll. You also have Advantage on any Wisdom (Perception or Survival) check you make to find it.

If the target drops to 0 Hit Points before this spell ends, you can take a Bonus Action to move the mark to a new creature you can see within range.

Using a Higher-Level Spell Slot. Your Concentration can last longer with a spell slot of level 3–4 (up to 8 hours) or 5+ (up to 24 hours).

DISGUISE SELF *Level 1 Illusion*

Casting Time: Action **Range:** Self **Components:** V, S **Duration:** 1 hour

You make yourself—including your clothing, armor, weapons, and other belongings on your person—look different until the spell ends. You can seem 1 foot shorter or taller and can appear heavier or lighter. You must adopt a form that has the same basic arrangement of limbs as you have. Otherwise, the extent of the illusion is up to you.

The changes wrought by this spell fail to hold up to physical inspection. For example, if you use this spell to add a hat to your outfit, objects pass through the hat, and anyone who touches it would feel nothing.

To discern that you are disguised, a creature must take the Study action to inspect your appearance and succeed on an Intelligence (Investigation) check against your spell save DC.
