ON YOUR TURN

Each turn you can *Move*, take one *Action*, maybe one *Bonus Action*, and between turns one *Reaction*.

ACTIONS

- Cast a spell (see the Spell Reference pages)
- Attack with a weapon or damaging cantrip (see Skills page)
- Dash, Disengage, Dodge, Hide, Help, Search, Ready, Shove, Grapple, Influence, Study, Utilize

BONUS ACTIONS

- Misty Step

REACTIONS

- Opportunity Attack when a creature leaves your reach
- Cast a spell with a Reaction casting time

HOUSE RULES

- **Catch your breath.** Out of combat, spend one Hit Die + your Constitution modifier to heal. Up to 3 times all run; mark each on the Hit Dice track above.
- **Spellcasting.** Cast any spell of a type you can cast from a found Spell Book, if you have the slots. You can reach one level above your normal maximum by spending two slots of the level just below it: two level-1 slots cast a level-2 spell, two level-2 slots cast a level-3 spell like Fireball. That over-level cast needs a spellcasting check (DC 10 + the spell's level). The slots are spent whether you pass or fail, and a failure fizzles the spell.

ATTACKS & DAMAGING CANTRIPS

Roll d20 + the Hit number to hit with an attack. For a spell that forces a save, the target rolls against your DC instead.

ATTACK	HIT / DC	DAMAGE	NOTES
True Strike	+5	d6 radiant	Self
Booming Blade	+5	1d8 thunder	Self (5-ft sphere)
Unarmed Strike	+2	1 bludgeoning	Melee

Writing in a weapon? To hit, add your proficiency and ability modifier: melee is +2 (STR), finesse or ranged is +5 (DEX). Add that same modifier to the weapon's damage.

- **Character Threads.** Threads are aspects added to characters at any time during their career that have a specific short or long-term goal.
- **Runestones.** At the beginning of the Northlands Sagas adventure path, each player should draw one Runestone randomly.

CANTRIPS — CAST ANY TIME, NO SLOT NEEDED

TRUE STRIKE *Divination Cantrip*

Casting Time: Action **Range:** Self
Components: S, M (a weapon with which you have proficiency and that is worth 1+ CP)
Duration: Instantaneous

Spell attack

Guided by a flash of magical insight, you make one attack with the weapon used in the spell’s casting. The attack uses your spellcasting ability for the attack and damage rolls instead of using Strength or Dexterity. If the attack deals damage, it can be Radiant damage or the weapon’s normal damage type (your choice).

Cantrip Upgrade. Whether you deal Radiant damage or the weapon’s normal damage type, the attack deals extra Radiant damage when you reach levels 5 (1d6), 11 (2d6), and 17 (3d6).

MAGE HAND *Conjuration Cantrip*

Casting Time: Action **Range:** 30 ft **Components:** V, S **Duration:** 1 minute

A spectral, floating hand appears at a point you choose within range. The hand lasts for the duration. The hand vanishes if it is ever more than 30 feet away from you or if you cast this spell again.

When you cast the spell, you can use the hand to manipulate an object, open an unlocked door or container, stow or retrieve an item from an open container, or pour the contents out of a vial.

As a Magic action on your later turns, you can control the hand thus again. As part of that action, you can move the hand up to 30 feet.

The hand can’t attack, activate magic items, or carry more than 10 pounds.

BOOMING BLADE *Evocation Cantrip*

Casting Time: Action **Range:** Self (5-ft sphere) **Components:** S, M (a melee weapon worth at least 1 sp)
Duration: 1 round

Spell attack

You brandish the weapon used in the spell’s casting and make a melee attack with it against one creature within 5 feet of you. On a hit, the target suffers the weapon attack’s normal effects and then becomes sheathed in booming energy until the start of your next turn. If the target willingly moves 5 feet or more before then, the target takes 1d8 thunder damage, and the spell ends.

This spell’s damage increases when you reach certain levels. At 5th level, the melee attack deals an extra 1d8 thunder damage to the target on a hit, and the damage the target takes for moving increases to 2d8. Both damage rolls increase by 1d8 at 11th level (2d8 and 3d8) and again at 17th level (3d8 and 4d8).

SPELL REFERENCE

DANCING LIGHTS *Illusion Cantrip*

VIA RACE

Casting Time: Action **Range:** 120 ft **Components:** V, S, M (a bit of phosphorus)

Duration: Concentration, up to 1 minute

Concentration

You create up to four torch-size lights within range, making them appear as torches, lanterns, or glowing orbs that hover for the duration. Alternatively, you combine the four lights into one glowing Medium form that is vaguely humanlike. Whichever form you choose, each light sheds Dim Light in a 10-foot radius.

As a Bonus Action, you can move the lights up to 60 feet to a space within range. A light must be within 20 feet of another light created by this spell, and a light vanishes if it exceeds the spell’s range.

LEVEL 1 SPELLS — EACH CASTING SPENDS A SLOT

CHROMATIC ORB *Level 1 Evocation*

Casting Time: Action **Range:** 90 ft **Components:** V, S, M (a diamond worth 50+ GP)

Duration: Instantaneous

Spell attack

You hurl an orb of energy at a target within range. Choose Acid, Cold, Fire, Lightning, Poison, or Thunder for the type of orb you create, and then make a ranged spell attack against the target. On a hit, the target takes 3d8 damage of the chosen type.

If you roll the same number on two or more of the d8s, the orb leaps to a different target of your choice within 30 feet of the target. Make an attack roll against the new target, and make a new damage roll. The orb can’t leap again unless you cast the spell with a level 2+ spell slot.

Using a Higher-Level Spell Slot. The damage increases by 1d8 for each spell slot level above 1. The orb can leap a maximum number of times equal to the level of the slot expended, and a creature can be targeted only once by each casting of this spell.

WARDAWAY *Level 1 Abjuration*

Casting Time: Action **Range:** 60 ft **Components:** V, S, M (a miniature clay hand) **Duration:** Instantaneous

Saving throw

You hurl a disorienting magical force toward one creature within range. The target makes a Constitution saving throw; Constructs and Undead automatically succeed on this save.

On a failed save, the target takes 2d4 Force damage, its Speed is halved until the start of your next turn, and on its next turn, it can take only an action or a Bonus Action (but not both). On a successful save, the target takes half as much damage only.

Using a Higher-Level Spell Slot. The damage increases by 2d4 for every spell slot level above 1.

SPELL REFERENCE

WITCH BOLT *Level 1 Evocation*

Casting Time: Action **Range:** 60 ft **Components:** V, S, M (a twig struck by lightning)

Duration: Concentration, up to 1 minute

Concentration Spell attack

A beam of crackling energy lances toward a creature within range, forming a sustained arc of lightning between you and the target. Make a ranged spell attack against it. On a hit, the target takes 2d12 Lightning damage.

On each of your subsequent turns, you can take a Bonus Action to deal 1d12 Lightning damage to the target automatically, even if the first attack missed.

The spell ends if the target is ever outside the spell's range or if it has Total Cover from you.

Using a Higher-Level Spell Slot. The initial damage increases by 1d12 for each spell slot level above 1.

SHIELD *Level 1 Abjuration*

Casting Time: Reaction **Range:** Self **Components:** V, S **Duration:** 1 round

An imperceptible barrier of magical force protects you. Until the start of your next turn, you have a +5 bonus to AC, including against the triggering attack, and you take no damage from Magic Missile.

FAERIE FIRE *Level 1 Evocation*

VIA RACE

Casting Time: Action **Range:** 60 ft **Components:** V **Duration:** Concentration, up to 1 minute

Concentration Saving throw

Objects in a 20-foot Cube within range are outlined in blue, green, or violet light (your choice). Each creature in the Cube is also outlined if it fails a Dexterity saving throw. For the duration, objects and affected creatures shed Dim Light in a 10-foot radius and can't benefit from the Invisible condition.

Attack rolls against an affected creature or object have Advantage if the attacker can see it.

LEVEL 2 SPELLS — EACH CASTING SPENDS A SLOT

MISTY STEP *Level 2 Conjunction*

Casting Time: Bonus Action **Range:** Self **Components:** V **Duration:** Instantaneous

Briefly surrounded by silvery mist, you teleport up to 30 feet to an unoccupied space you can see.

SPRAY OF CARDS *Level 2 Conjunction*

Casting Time: Action **Range:** Self (15-ft cone) **Components:** V, S, M (a deck of cards)

Duration: Instantaneous

Saving throw

You spray a 15-foot cone of spectral cards. Each creature in that area must make a Dexterity saving throw. On a failed save, a creature takes 2d10 force damage and has the blinded condition until the end of its next turn. On a successful save, a creature takes half as much damage only.

At Higher Levels. When you cast this spell using a spell slot of 3rd level or higher, the damage increases by 1d10 for each slot level above 2nd.
